

| School Name: | City: |
|---------------|-----------|
| Contact Name: | Phone No: |

For help with mercury disposal or technical assistance in handling a mercury spill, please contact the department's Environmental Services Program spill hotline at (573) 634-2436.

It may be easier to use a separate checklist for each classroom or chemical storage area.

| Science Classrooms, Chemical Stor | rage Areas, and | l Home E | conomics R | looms |
